If those guys at Myra can come to meet me or Pat at DBI it may help

I am meeting with the neighbor next week and I actually think it would not take a lot to get this sorted out at least that is what I am hoping

Are they hiring someone to help them

It was a tough case but the neighbors could have been a lot more tough

They were not getting much response from DBI either but I was emailing them today and they are happy about that

You should maybe hire someone to help close out the permits and violations

It is complicated but not impossible to do

But will take some time and probably money there is a lot of time involved

I just looked at it and can advise but not one of my districts so wouldn't be involved in inspections etc

Crazy stuff

Just schedule the normal way is what I am being told

I personally don't understand it

I haven't been back at DBI since last Monday

They reopened today but i got exposed to an attorney who tested positive at last board hearing

I had a fairly close conversation with him and My occupational nurse at SFGH

Advised on monitoring symptoms and stay away from work and self isolate for 14days

I am fine few minor symptoms but more allergies i would say

Back to work on Thursday

Hope you are well

Stay safe

Joe

Hey Darryl:

Michael Barnacle said he got a message from Matthew that some of your contacts may be on my mailing list.

I tried scrubbing it — and may have missed some names. I scrubbed a second time in early July and realized I may have accidentally sent to Yueqin Wang. The first six people on the list are mutual contacts.

Let me know who and I will of course take them off. I've attached the list here for you to review.

John,

Come, and bring your checkbook. There will be an interesting crowd, including 2 Planning Commissioners. Let me know if you can attend,

Cheers,

John,

I think the price needs to be around to be \$1,850,000-\$1.9 depending on the terms and if you want to finish straightening out the permits associated with this property. I am having DBI go and inspect the property tomorrow to close out and consolidate the existing permits with the Building dept. Then apply to have 2 living units at the property. Let me know if you want to see this property. If you are not interested, I will probably let my friends client buy it.

Cheers,

Darryl Honda
